Dear REC Committee,

**Drug Allergy Labelling in Elective Surgical patients – DALES  
IRAS number 232512**

Please find attached the IRAS form and completed documents as below:

1. Protocol V3.3
2. Patient information leaflet V2.0
3. Advertising leaflet V2.0
4. CV of Chief Investigator

The consent form and two questionnaires (patient and anaesthetist) are not uploaded as these are both electronic documents with heavy logic gating, unsuitable for PDF viewing. However I can email a link to these if required once we have completed beta testing on them.

Yours sincerely,

Louise Savic
